

# Need a website to reach millions of potential customers online?

- Do you need a quality website, but only have a limited budget?
- Want to use the web to reduce your potential cost of sales?
- Want to manage your website yourself to eliminate ongoing web developer costs?

## Look no further.

Australian Business Marketing Services can develop a great, easy to use website that can help you boost your sales, whilst saving you time and money.

## Need funding assistance?

If your business is based in regional NSW, then you may be eligible to receive government funding to assist with your website development through the New Market Expansion Program by the Department of Industry and Investment.

For more information, have a chat with us today on 1800 505 529 or complete the form overleaf.

## Australian Business Marketing Services

Website development without the song and dance

Australian Business Marketing Services is a "no bull" agency, determined to help small businesses no matter what their budget. As a division of NSW Business Chamber, we've helped many small businesses improve their sales and reduce marketing spend with our practical hands on approach.

Whether you need a basic site or a full featured e-commerce website, our team of experts can create a great looking website that is easy to use and meets your business needs.

Once completed, you can easily manage your website content and make changes yourself. This means with us, there are no additional website development costs, unlike some other providers.
